LUXURIES TO PAY FOR THE WAR IS PLAN OF CONGRESS

WASHINGTON, July 10.—Preparations for framing the new war revenue bill went forward in the House Ways and Means Committee today, with attention centering upon the list of suggestions for new or higher taxes on luxuries and necessities submitted yesterday by the Treasury Department.

Members of the committee indicated that the list would form the basis for consumption taxes in their draft of the bill.

Besides doubling present taxes on liquors and tobaccos, quadrupling soft drink levies and making general intreasury suggestions include taxes of 50 per cent on retail prices of jewelry, watches and clocks, except those sold to army or navy men, 20 per cent on automobiles, bicycles musical instruments, etc., 10 cents a gallon on gasoline to be paid by the wholesaler, 10 per cent on hotel bills for rooms over $2.50 a day or American plan over $5, 10 per cent on all cafe or restaurant bills and taxes of unstated amounts on men's suits selling for more than $30, women's suits over $40 and coats over $30, men's hats over $4, shirts over $2, pajamas over $2, hosiery over 35 cents, shoes over $6, gloves over $2, underwear over $3, all neckwear and canes, women's dresses over $25, skirts over $15, hats over $10, shoes over $6, lingerie over $5, corsets over $5 and all furs, fans, etc., children's clothing, including suits over $15, purses, toilet articles, over $2.

In addition to all these taxes, which would be levied directly upon the consumer, the list proposes doubling the present motion picture admission tax and imposing a tax of 5 per cent on moving picture theater rentals, with the present film tax eliminated.

SIBERIA WILL RESIST HUNS ADVENT IN FAR EAST

LONDON, July 10.—A new provisional government for Siberia, which has the unanimous support of the population and which will continue to fight the central powers, has been established at Vladivostok. According to a Times dispatch from Tokyo, quoting the Vladivostok correspondent of the Asahi, the new government intends to summon a constituent assembly and to restore law and order throughout the country.

The program of the new government includes the liberation of Siberia from the Bolsheviki, the avoidance if possible of foreign interventions, universal suffrage, establishment of provincial councils and a labor bureau, distribution of the land among the landless and control of economic activities.

Siberia will thus, adds the correspondent of the Times, become the first democratic state in the history of Russia and it is hoped, be the forerunner of a great Russia.

The flag adopted by the new government consists of two stripes of white and green.

Important Changes.

LONDON, July 10.—The situation in Siberia is undergoing important changes and the counter revolution, assisted by the Czecho-Slovaks, is spreading, says a dispatch to the Times from Peking, dated July 4. The Bolsheviki are being driven westward from Irkutsk, and many are endeavoring to escape into Mongolia.

Referring to the Czecho-Slovak movement, the correspondent predicts that it will lead to the elimination of the Bolsheviki in Siberian a short time.

MASONIC LODGES WILL DO HONOR TO PAT O' BRIEN

Judge Hiram Jacobs was talking to Pat O'Brien over the long distance telephone last night. Pat is in Stockton visiting friends for a few days and he is coming to Richmond Thursday on the Santa Fe train which arrives here from the Slough City at 9:45 in the forenoon and will be met at the train by a delegation of citizens, comprising the mayor, city officials, Masons and everybody who can be present.

Thursday evening McKinley Lodge of Masons, of which Pat O'Brien is a member along with the sister lodge, Alpha, will tender a reception to Pat O'Brien at Fraternal Hall. There will be a program and dancing after the reception.

Judge Jacobs planned to have Pat talk to the people here in a public meeting on Thursday, but he begged off, on the ground that he had been talking to the public so much lately that he must have a rest for a short time at least.

After this war, when aeroplaning becomes as popular a mode of travel as motoring, customs officers along the Mexican frontier are going to have to look for new jobs.

POSITION OF ALLIED ARMY IMPROVED BY COMMANDER DURING LULL

The Associated Press this afternoon issued a statement calculated to show war conditions on the Western Front and in Italy. That great news gathering organization says:

Fighting activity on the western and Italian fronts still is confined to local operatons. However, there are many signs that the great combats which marked the German offensive on the west and the Austrian stroke in Italy will shortly be rivalled.

Satisfactory as have been the "nibbling" tactics of the allied command, apparently they have not yet roused the Germans to action. Franco-American troops on the French front have taken 5400 prisoners since June 15. The German hesitation in resuming the offensive is giving the allies, although prepared to meet it, little concern as day by day they improve their positions by advances in local operatons which a year or so ago would have been looked upon as sizeable battles.

In an attack against the new French positions in the Longmont region, south of the Aisne, the Germans have failed to advance. The enemy has made no attempt to recoup the losses sustained in the French forward movement southwest of Noyon, in which the Germans lost 530 prisoners and thirty machine guns. The weather on the British front has been rainy and unfavorable.

Berlin continues to report officially that all allied efforts are being repulsed. Allied patrol actions are made to appear as attacks and allied attacks as small raids. Claim is made by the German command that "unsuccessful local engagements" have been fought west of Chateau Thierry, where the Americans and French hold the line northwest toward the Retz forest east of Villers-Cotteret.

Franco-Italian successes in Albania apparently threaten seriously the Austro-Hungarian situation in central Albania. The French are making good gains in eastern Albania west of Lake Ochrida, while the Italians are advancing speedily in the west. The Austrian line appears to be V-shaped with the allies pressing hard on both flanks and the point of the salient being near Berat. An Austrian retirement of any moment would probably compel the Bulgarians to rearrange their lines in Macedonia, east of Lake Ochrida.

BUSINESS TALK HAD BUT FEW LISTENERS

D. H. Haywood the business expert who came to Richmond today to address the business men at a luncheon given at the Elks club, met with a discouraging response at the hands of our business people. The speaker and the luncheon were there but the affair lacked an audience to hear and eat.

The next attempt of this character will probably be held in some public dining room or a hall. It is difficult to persuade people who do not belong to a lodge to attend functions of this character in their clubrooms—and this is saying nothing against the lodges. It is just a peculiarty of human nature.

AL BROWNING IS CANDIDATE FOR CONSTABLE IN THIS CITY

Alos F. Browning, Deputy Sheriff, who is a candidate for Canstable for the 15th Township in Richmond.

Al Browning, deputy sheriff in Sheriff R. R. Veal's office in Martinez for the past three and a half years, announces hmself as a candidate for the office of constable for this township. He is a careful, conscientious and industrious man and will make an ideal officer if the people of this city will elect him.

Mr. Browning has been a resident of Richmond for the past fourteen years and everybody in town, almost know and respect him. For ten years or more he drove the distributing truck for the Enterprise Brewing company and severed his connection with that concern to take the position under Sheriff Veale. His friends declare that if Al Browning is capable of filling the position of deputy sheriff and has the confidence of Sheriff Veale, who has the best conducted and most efficient sheriff's office in the state of California, surely the people of this city can rest assured that by electing him to the office of constable they will be getting the right man for the positon and one who will do his full duty to everybody.

Mr. Browning's home is at 433 Fifteenth street, between Navin and Barrett avenues. He has a wife and two children, owns his own home and is a taxpayer in the city and county. Since he has been in the sheriff's office he has had a wide experience in just such work as he will be required to do in case he is elected constable. That he is qualified for his duty everybody will concede and there are those in the city who declare that he will be elected by a large majority to the office to which he aspires.

BRITISH DRIVE HUNS BACK IN PICARDY FRONT

LONDON, July 10.—Considerable activity was developed early this morning by the German artillery and machine guns in the region east of Amens, from the vicinity of Villers-Bretonneux to the Ancre, says today's war office report.

The Germans delivered local attacks in the Villers-Bretonneux area but these were repulsed.

On the Flanders front the British carried out an operation in the vicinity of Merris, northeast of Nieppe wood, by means of which the line was advanced a short distance and prisoners were taken.

6 BILLION IN LOANS MADE TO ALLIES

WASHINGTON, July 10.—Loans made by the Unted States to the allies, the total of which now amounts to $6,091,590,000, are continuing to pile up at a rate of nearly $400,000,000 monthly. Treasury Department statistics available today indicate. Great Britain to date has been given credits of $3,170,000,000; France, $1,765,000,000; Belgium, $191,800,000; Greece, $15,790,000; Cuba, $15,000,000, and Serbia, $9,000,000. A credit of $6,666,000 was extended to Rumania, but the exact status of the loan at the time when that country made peace with the central powers has not been determined.

Of the credit extended to Russia only $187,000,000 was paid out on treasury warrants before the fall of the Kerensky government and the peace treaty made with Germany by the Bolsheviki led to a stoppage of the funds.

ESCAPED WIFE BEATER SHOWS UP AT FORMER HOME HERE

Mike Satine, who was sentenced to the county jail for the term of one year some six months ago for beating his wife and otherwise mistreating her and who escaped from the county bastle shortly afterward, was arrested by the police in this city last night and returned to the county jail to finish serving his sentence with the loss of all good time.

Mke's wife lives at 23 Santa Fe avenue on the West Side of the city and has no use for him at all. So when he turned up last night after his long absence in the county jail and wherever he went after making his escape, she promptly informed the police and they captured the fellow and sent him back to Martinez.

Satine was a trusty at the jail, according to the police, and he simply walked away when the guard was not looking. It is quite safe to predict that he will not get away from the sheriff so easy the next time.

HARRY MARCUS DELEGATE TO CONVENTION

Harry Marcus, proprietor of The Big Store has been elected a delegate to the convention of the Advertising Clubs of the World, which is nw holding its meetings in San Francisco. The members attending the convention have come from a parts of the United States and friendly European countries. The object of the convention is to make advertising more truthful.

As the Big Store always insists upon all its advertisements being strictly truthful it seems only natural that its proprietor should take an active part in such a movement. Another subject that is being discussed by the convention is the cooperation of its members with the government in giving proper publicity to the activities of the war department.

BROOKS ISLAND PURCHASED BY W. G. HEALY AND MAY BE SITE OF BIG INDUSTRY

Brooks Island has been purchased by William L. Healy, owner of the Healy-Tibbitts corporation, one of the great construction companies of the Pacific coast. Healy's corporation constructed Wharf No. 1 of the Richmond Inner Harbor. It is supposed that while doing this work, Healy who was here a great deal and who has done other work on the Richmond Inner Harbor, saw the great possibilities of the Inner Harbor section of this piece of property in particular, which has one of the finest strategic locations on the new harbor.

Healy refuses to say what improvement to contemplate. It is believed though that a big corporation will develop from the sale, with him at its head and a drydock and shipbuilding enterprise will be launched. Healy a known to have tried to purchase Point Molate from the East Shore company, but no suitable price could be arrived at. The Healy corporation now operates the quarry at Point Molate under lease and it is deemed sufficient for all needs of the company

The Pacific Improvement company, which sold the island is thought to have received $50,000 for it, as that was its asking price. The island contains a little more than 46 acres. It is within 1500 feet of the line of the deep Inner Harbor channel on which the government and the city are to start at once. By connecting up with the main channel through dredging this 1500 feet Brooks Island can be made as valuable as any of the deep water sites in San Francisco or Oakland. Freight car connection can be made by floats. A dyke from Point Isabelle to the island is embraced in the harbor plans and a Southern Pacific spur could be run over this.

Healy will not say anything regarding the disposition he ntends to make of the property. That he has made an excellent purchase is agreed upon by property experts, as the development of the harbor will put great value on the sland, as on all property in the Inner Harbor zone. A drydock and shipbuilding plant on the island will send up values all through this zone from Ferry Point to Point Isabel, as well as stimulating values in all sections of the city, and will hasten the extenson of the deep water to the lower end of the main basin of the harbor as far as Point Isabel.

The purchase of Brooks Island and that of the Vulcan Powder company acreage on the new Standard Oil harbor in the northern part of the city, indicate the tremendous interest capital is taking in properties on the deep water that is being developed. It is believed that the Vulcan Powder tract transaction will also lead to some major development in the industrial line.

The announcement of the sale of the island to Healy was made some weeks ago by the Record-Herald, but for obvious reasons at that time no conjectures could be made concerning the purposes of the purchase by the new owner, other than it was presumed that he would use the property for a ship building or manufacturing plant.

FORTY HOURS OF DEVOTION AT SAN PABLO

The forty hours of devotion which is celebrated once a year in each parish in the diocese of San Francisco by the Catholic churches is to be held at San Pablo in St. Paul's Catholic church next Sunday.

Rev. Father Lamb of Vallejo will officiate at High Mass at 10 o'clock a. m. The choir will be under the direction of Mrs. Frank R. Bailey, of Richmond who will preside at the organ. Leonard's Mass will be rendered by Mrs. Winnie Favero Robbins by Mrs. Tessie Coffey. Alto, Marie Hoffe; tenor, Joseph Hirth.

The Ave Marie by Luigi will be sung as a solo by Mrs. Robbins with a violin obligato by Raymond Mino.

During the procession of the Blessed Sacrament the Pange Lingua will be sung by the full choir. The closing ceremony will take place Tuesday morning at 9 o'clock.

CORPORATIONS HAVE RIGHT TO HELP WAR

WASHINGTON, July 10.—The Ways and Means Committee is disposed to concede that corporations, like individuals, should be allowed to deduct from their income tax return, contrbutions to charitable, religious and educational purposes.

The present law allows persons, but not corporations, to make such deductions, provided they do not exceed 15 per cent of the total income. A number of sommittee members have indicated a belief that corporations and individuals should be treated alike in that respect in the new law, so as to stimulate contributions to Red Cross and charitable purposes, as a patriotic proposition.

SAFEGUARD YOUR INCOME

There is only one absolute sure way to safeguard your income—to keep proper track of it and know just where it goes—and that is to open a checking account. If you pay all your bills by check, you'll be surprised how much further your money will go—it's a check on dribbling away a few bits here and a few bits there for articles you can get along without. Best of all it's an absolutely safe receipt for all moneys paid out—it removes the possibility of paying an account twice.

If you have not already opened a checking account, come to this bank now and start one.

HUNS GETTING DESPERATE.

Every intelligent American who has made any serious attempt to keep track of German claims as to the causes of this world war know that, with remarkable uniformity, the Berlin-inspired falsehood has been nursed and reiterated to the effect that England was responsible for starting the war.

And because of this responsibility on the part of England, German hate has been officially and unofficially concentrated on England. "Gott strafe England" was but its hymn of malignity.

Only a few days ago German falsehood as to responsibility for the cataclysm the world is suffering from, and because of which whose peoples face starvation, took a new turn. Responsibility for the war the German hate has now switched to Russia and France, in the order named, leaving England in a position no longer to bear the burden of the furor Teutonicus.

Why this alteration and shifting of position? The Vossische Zeitung unwittingly throws some light on the subject when it says the speech of von Kuehlmann in the Reichstag confirms the idea that for the foreign secretary to "obtain an understanding with Great Britain" is necessary and worth striving for.

Italy has turned the tables on the Austrians; France is adamant; Russia refuses to stay out; America is mobilizing to back the program of an unalterable purpose to whip Germany in the field and right the wrongs of the victims of her perfidy in all directions. Berlin is now relieved of any doubt as to the American intent and the bigness of her preparation.

What, then, can Germany do? To what can she turn? With her proverbial inability to measure peoples who count national honor and fundamental right as bases of action, Germany counts on British love of power and national supremacy as the possible way of German salvation. A bargain for mutual dominion! That is the last chance to escape national humiliation.

Will it work? Of course not. Britain will spurn the proffered bribe as an insult to British character and libel on her ideals. Only moral ignorance and refined barbarism would suggest such a plot. The possibility of its proffer will be the last of it. As a "feeler," it will end. There is no escape if the kaiser but knew it. He must take his licking. And it will be thorough-going and very complete.

AMERICA READY TO LISTEN.

We are to be told by Kerensky himself his side of the Russian story. He is coming to the United States for that purpose. He is going to tell America what America can do to help Russia out of the clutches of the German conqueror and get back into the fight for world-wide democracy.

Kerensky is the leader of the Russian faction or party which stands in the midway ground between the Russian bureaucracy and the Russian Bolshviki. His last words before dropping out of sight several months ago were a message to the allies telling them that Russia could fight on the east front no more. Now he is quoted as saying that Russia will again spring to arms against the Huns if given assistance by America, France and Great Britain. He prefers "assistance" rather than "intervention."

We will be interested in what he has to say about Japan and her offer to help keep German hands off Siberia and to protect allied interests there.

We will be interested in hearing him tell what his party hopes to do for the people of Russia.

We will be interested in hearing him tell how he proposes to put Russia back into the ranks of nations fighting for the same cause.

AMERICAN HUMOR IN WAR.

Leave it to the American soldier to make light of the most sacred things.

According to news dispatches a number of our men holding the lines west of Hill 204 are wearing iron crosses, gifts from the mightest man in Germany. They were not presented directly to the Americans by the kaiser, but came by way of prisoners whom the Yankees captured.

The Sammies offer to exchange cigarets for the medals, which seem no more than a fair bargain to them. If the Germans refuse, the Americans take them away from their captives by force. Then they display their booty to their comrades with jest, passing disrespectful comments on them, but not in the hearing of the prisoners, who, no doubt, risked their lives to win the coveted decoration.

The chief lesson to be gained from the numerous advent of iron crosses into the ranks of the American forces is that the best fighters in Germany are opposed to us on the lines around Chateau Thierry.

They are picked troops, who have proved their mettle in previous encounters.

A PATRIOTIC FARM HAND

All over the land are good citizens and patriots of whom one never hears until something happens that brings them to the front. We should like to know the name of the man who is described as a "farm hand" who turned O'Leary, the alleged traitor and seditionist, over to the Federal authorities. O'Leary's flight was long planned it is now known. Some one appeared at Sara, Wash., and rented a small house with three acres, which he said was for his brother-in-law. Later that alleged brother-in-law appeared and took possession of the place and planted a small garden. That alleged brother-in-law was Jeremiah A. O'Leary. He hired a farm worker to help on the place, and this unnamed man discovered his employer's identity and caused O'Leary arrest. The hired man was a good citizen and will receive a reward. It almost is useless for men of the O'Leary stamp to try to hide in America today. Every one is a government agent, self-appointed, and will aid in running down seditionists, spies and pro-Germans.

O'Leary's arrest proves the old-time saying that a man should not talk too much. O'Leary in bygone days was as bold as a lion and as noisy as the braying ass. He told men to resist the draft, knowing that if they did so they would be sent to prison. He was willing that these slackers should "take their medicine," but when it came to facing punishment himself, O'Leary weakened. What he was quite willing to see others endure he had not the nerve to endure himself. And he ran away.

Not One Chinese In Ten Thousand Has Constipation

except a few drug users, while about 90 per cent of the Americans suffer from this dread complaint. The FONG WAN HERB SPECIALIST gives the following explanation of this phenomenon: "When a Chinese is ill, he immediately consults a Herb Specialist and the cause is removed, but, when an American feels bad, the first thing he does is to take a PHYSIC. This may relieve him temporarily, but repeated doses of such drugs eventually paralyze the bowels. As the bowels then no longer move naturally, physic taking becomes a habit, the weakened bowels drag, and there is a heavy pressure of gas on the rectum. If the poor victim be a man, the physician will usually tell him that his trouble is piles; if a woman, that it is female trouble."

By drinking the Fong Wan harmless Chinese herbs, hundreds of Americans have not only been relieved of their stomach and bowel troubles, but have been made normal again. Their testimonials are on file.

Mrs. Robert J. Burdette, food director, defines democracy as meaning self government and declares that self government must start with the individual. Bringing the idea down to the household she says that five minutes spent each day in thinking out plans for economy and conservation will bring larger results than all the scheming and planning directed from above. She strongly urges that the morning prayer be followed by five minutes thought on conservation, which is a very good plan.

PATHE NEWS

At the present moment the United States is standing on the fence, so to speak, preparing to jump to the side which promises justice and liberty to the Russian people and help for the nations who are fighting for justice and liberty for all people.

Czarism in Russia is dead. Bolsheviki policies cannot last. something must be done in Russia. It may be that we will know what to do and how to do it after Kerensky comes to America.

The other day four aeroplanes passed over this city headed toward Sacramento. They had come down from Mather field in the morning and in the afternoon the boys were returning to their quarters. Which we submit is a mighty handy way to travel and which obviates the heat and dust we have been getting all these years from the Southern Pacific on that trip.

PEACE SIGN FOUND ON BACKS OF LOCUSTS

CONNELLSVILLE, Pa., June 8.—A perfect "P" on the backs of locusts found at Spruce Hollow means "Peace," according to some of the veteran natives. The war locus is proverbial and many persons are pinning their faith now on the "peace" variety of the tribe.

"HOW ON EARTH DO YOU DO IT, ELAINE?"

"I've never seen you turn down a request for patriotic purposes since the war began, and still you are just as well dressed as ever. It's some mystery." "Well, Hilda, I just use my ready cash for war purposes and my credit for clothes. You see I've formed the habit of buying my clothes on credit—at Cherry's—a little down and a little a week. I'm so sorry I didn't start it sooner, for I might have had pretty clothes all those years I went so shabby. And the smartest summer togs you ever saw—even to hats and sweaters. No reason on earth for any woman in Oakland to wear shabby clothes if she uses her credit at Cherry's. They have two stores here—a women's store at 515 13th and a men's store at 523 13th.—Adv.

SAN FRANCISCO HOTEL MEN TO SAVE SUGAR

SAN FRANCISCO, July 10.—Actuated by patriotism, more than 500 San Francisco hotel and restaurant men after conferring with officials of the United States Food Administration for California, today stand pledged to full co-operation wit the government's new sugar savin program.

Restaurants and hotels of th higher classes voluntarily agreed t eliminate the "help yourself" suga bowl from their tables during th present serious sugar shortage. In these places a definite portion of sugar will be served with tea, coffee cereals and other foods requiring sweetening.

Resolutions were adopted pledging the public eating places to put up signs in their places of business requesting the patrons to save sugar and to help the restaurants observ the restrictions.

More than 100 of the men present at the meeting, which was held in Tait's restaurant promised to reduce their official allotment from three to two and one-half pounds per person for each ninety meals served.

The speakers were Tait, City Food Administrator Samuel Pond and Preston McKinney, executive secretary of the food administration.

With the restaurant and hotel men putting forth every effort in the interest of conserving sugar, it was estimated that thousands of pounds would be saved in San Francisco weekly.

Next Monday afternoon at 3 o'clock in Native Son's Hall food administration officials will address a mass meeting of waiters and waitresses called to obtain their co-operation in the work of saving wheat and sugar. More than 700 men and women are expected to attend.

GOVERNMENT DREDGER BREAKS MACHINERY

The government dredger started in its work on the harbor and the first day broke some of its machinery and was compelled to lay off for repairs.

The contract was let by the government to the American Dredging company and as soon as the big machine is again placed in running order it will go to work and keep at it until the contract shall have been finished.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

RECEPTION FOR PAT O'BRIEN BY O. E. S. MEMBERS

Pat O'Brien, the Richmond boy who went to France with the Royal British Flying Corps and made a name for himself by sending to earth many of the Hun air fighters, finally being sent down himself and captured by the Germans, from whom he escaped, is coming home to Richmond to visit for a few days.

Pat is a member of Acantha Chapter, Eastern Star, and that organization is going to accord him a royal reception on Friday evening, July 12th, at Bank Hall. The members of the lodge have a committee at work on the entertainment and they are promising something out of the ordinary. For one thing, there will be music and dancing.

Pat O'Brien has been delivering lectures over the country, telling the people something about the conditions over on the fighting front and he is about through now. He is going back to stay till the end of the war, if he is fortunate enough to survive it, but this time he will fight with the American Expeditionary forces as an aviator. For a short time Pat did instruction work at Kelly Field, near San Antonio, Texas, but his engagement suddenly terminated there when the plane in which he was flying fell to earth a distance of 2,000 feet. With his miraculous good luck he escaped with only sundry scratches and some bruises, but he was considerably shook up and was compelled to take a layoff until he had recovered.

The reception Friday night is for Eastern Stars and Masons only.

ARIZONA SERVING HER BREADSTUFF FOR WAR

That Arizona is determined to do its part in feeding the allies is evidenced by the fact that 49 per cent of its restaurants and hotels are now pledged to serve no wheat until September 1, 275 out of 560 public eating houses having signed the no-wheat pledge. Ninety per cent of them are operated by foreigners, including Mexicans, Greeks and Chinese. Less than 10 per cent have bake ovens and are compelled to do their baking on ranges.

W.C.T.U. LADIES WILL SELL FOOD TO HELP WIN THE WAR

Yesterday the ladies of the W. C. T. U. met at the Christain church and made comfort bags for the naval men. There are to be made in this district by this organization 550 of these bags and they are to be ready as soon as possible.

At the meeting yesterday the 33 members of the W. C. T. U. in this city pledged to pay two dollars per member for special war work. Thus the local organization will pay for this purpose the sum of $66. In order to raise this money the local union will give a sale of good, home-cooked food at the offices of the Pacific Gas and Electric company on Saturday, the 20th instant.

All of the ladies comprising the local organization are going to contribute food for this sale and it is thought they will have an ample supply to raise the amount of their voluntary assessment to help win the war.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

LOCAL MERCHANTS ALIVE TO HELP FORM AD CLUB

A. C. Burdick the new president of the Merchants Association, has appointed three business men of the city to attend the meetings of the ad clubs now taking place in San Francisco. These men will be at all the meetings of the several subdivisions of the body and they will report back to the local merchants all they see and hear which will be of interest to their organization.

The idea is an excellent one and should be of material benefit to the local business houses, for advertising is the one thing above all others which promotes sales and helps to keep in the local channels of trade money earned at home.

NOTED ATTORNEY OUT WITH FACTS

HON. R. W. DAMON FEELS IT HIS DUTY TO TELL THE PUBLIC OF HIS EXPERIENCE

Business men, professional men, farmers, artisans in fact people in all walks of life, including innumerable women, are now taking Tanlac, and are testifying daily to the preparations remarkable merits. This incontrovertible evidence is further strengthened by the statement of R. W. Damon, a well known attorney-at-law, who resided at 2712 Yakima street, South, Tacoma, Wash. Mr. Damon practiced his profession in the state of Ohio for thirty-five years, and has many staunch friends throughout the West. In relating his experiences with Tanlac recently, Mr. Damon said:

"I feel it my duty to do what ever I can to help suffering humanity, and I am more than glad for the sake of others, to give this statement about my wonderful improvement since I began the use of Tanlac. I have suffered a great deal during the past two years from indigestion and stomach trouble in a very severe form. My food would not digest properly, but would lay in my stomach and ferment, causing gas, bloating and much pain about my heart. At times I was so affected by this gas that I could hardly breathe, and had intense pains all through my chest. Twice, I was in such a bad way that I fell to the floor in an unconscious condition, and the second attack put me in such bad shape that I had to be carried to the hospital, where I lay for thirty days. I would go for two or three nights in succession with only two or three hours sleep, and the following day I would feel entirely worn out. I seemed to receive no benefit from my food, was inclined to be constipated and felt unfit for anything. I, of course doctored, and took medicines of different kinds, but got very little, if any results.

"While reading the Tacoma paper one day I came across a Tanlac testimonal, given by a Denver lady, and her case was exactly like mine So since that time I have been taking Tanlac, and the results have far exceded my expectations. I have only been taking it for about ten days and have already been almost entirely relieved of the gas and bloating. My appetite is so enormous, and everything tastes so good that I have to guard myself to keep from eating more than I should. I have gained eleven pounds in weight already, and am still picking up. I sleep soundly every night and get up in the mornings rested and refreshed. So it is, Tanlac has proven to be just the right thing in my case and I gladly give others the benefit of my experience with it."

Tanlac is sold in Richmond by F. B. La Moine, in Antioch by H. J. Schuman and in Crockett by J. Civilietti.—Advt.
